CONSENT FOR ARTIFICIAL DONOR INSEMINATION

We, _____ (hereafter Woman), and _____ (hereafter Man) both of legal age, hereby request and authorize Seth Levrant, M.D., P.C., hereafter referred to as "the clinic", and Dr. Seth Levrant, and/or the Doctor's designate, to perform artificial donor insemination on the Woman with semen of a donor or donors.

We understand that several attempts at artificial insemination may be necessary, and that the clinic and doctor do not warrant or guarantee that a pregnancy or full-term pregnancy will result from any or all of the attempts.

We have been informed by the doctor about the exact method to be used to accomplish the intrauterine transfers and potential risks to health of infection, allergy, and pregnancy. We understand that the semen used for insemination will be frozen. We understand that there is a remote possibility of transmission of infectious disease via artificial insemination. We understand that if adverse complications develop, the clinic and staff will employ such assistance as necessary to obviate the complications and that you will be responsible for any financial costs of this assistance.

We understand that if pregnancy does result, there is the possibility of complications of childbirth or delivery, the birth of an abnormal infant or infants, undesirable hereditary tendencies of such infant or infants, or other adverse consequences. We understand that an infant or infants, resulting from artificial donor insemination will have genetic characteristics of the Woman and the sperm donor, but will have genetic characteristics of the Man only in so far as the Man and the sperm donor may coincidentally share such genetic characteristics.

We agree to notify the clinic of any infant or infants born as a result of donor insemination.

From the moment of conception, we accept the act of conception as our own act and acknowledge the child or children produced as our legitimate child or children and the heir of our body with all the rights and privileges that accompany such status.

We have read and understand the above information. We have had sufficient opportunity to discuss the information described above and have had our questions answered satisfactorily.
